Transform Your Customer Interactions

High resolution camera

Delivers sharp, lifelike image quality in any lighting environment with a 5-megapixel wide dynamic range camera for reliable facial recognition, customer analytics, and interactive experiences.

Space-saving design

Features an ultra-slim profile that minimises physical footprint while maximising functionality.

Crystal-clear audio

Ensures exceptional voice clarity with front-facing speakers that guarantee every word is heard with precision.

Seamless integration

Mounts effortlessly to our Muro Canvas or Versi Indoor Displays with a streamlined design that ensures quick installation and a clean, professional appearance.

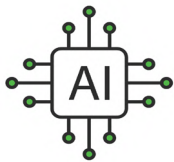

Advanced noise cancellation

Deliver flawless customer interactions in any environment. Our communication bar features intelligent noise cancellation that filters out background distractions.

All-in-One Solution for Modern Digital Experiences

The 3-in-1 AI Communication Bar is the ultimate all-in-one solution designed specifically for modern AI customer service kiosks. Combining a high-resolution camera, crystal-clear front-facing speakers, and an integrated microphone into a single sleek device, it eliminates the need for multiple components and complicated installations.

Its ultra-slim form factor seamlessly mounts to the display or kiosk, delivering professional-grade video, audio, and voice capture capabilities. Whether you're deploying interactive customer service kiosks, wayfinding stations, or customer support solutions, this communication bar provides everything you need for engaging, high-quality user experiences in a single, streamlined package.

AI-application ready

AI-Ready kiosks enhance customer interactions with efficient service for tech-savvy users, freeing staff for other tasks while delivering real-time excellence across industries.

Robust components

Manufactured to the highest standards with commercial-grade components, the 3-in-1 AI Communication Bar is designed to run seamlessly with your kiosk and display.

1-year warranty

LamasaTech accessories provide a standard 1-year warranty included for your peace of mind.
