in f X

Captivate customers with brilliant menu displays

Strong WiFi connectivity

The display features a dual band, high gain antenna for a strong WiFi connection.

Choice of screen size

Select from a 32", 43", 55" or 65" screen to suit your requirements.

700-1000 nits brightness

With a rating of up to 1000 nits brightness your signage will be crystal clear even in bright locations such as restaurants and shopping malls.

Ultra slim bezel

Measuring at just 8mm, the ultra-slim bezel ensures no distractions from your content while enabling seamless multi-screen installations. Multiple menu boards can be positioned side-by-side with minimal gaps, creating a cohesive display.

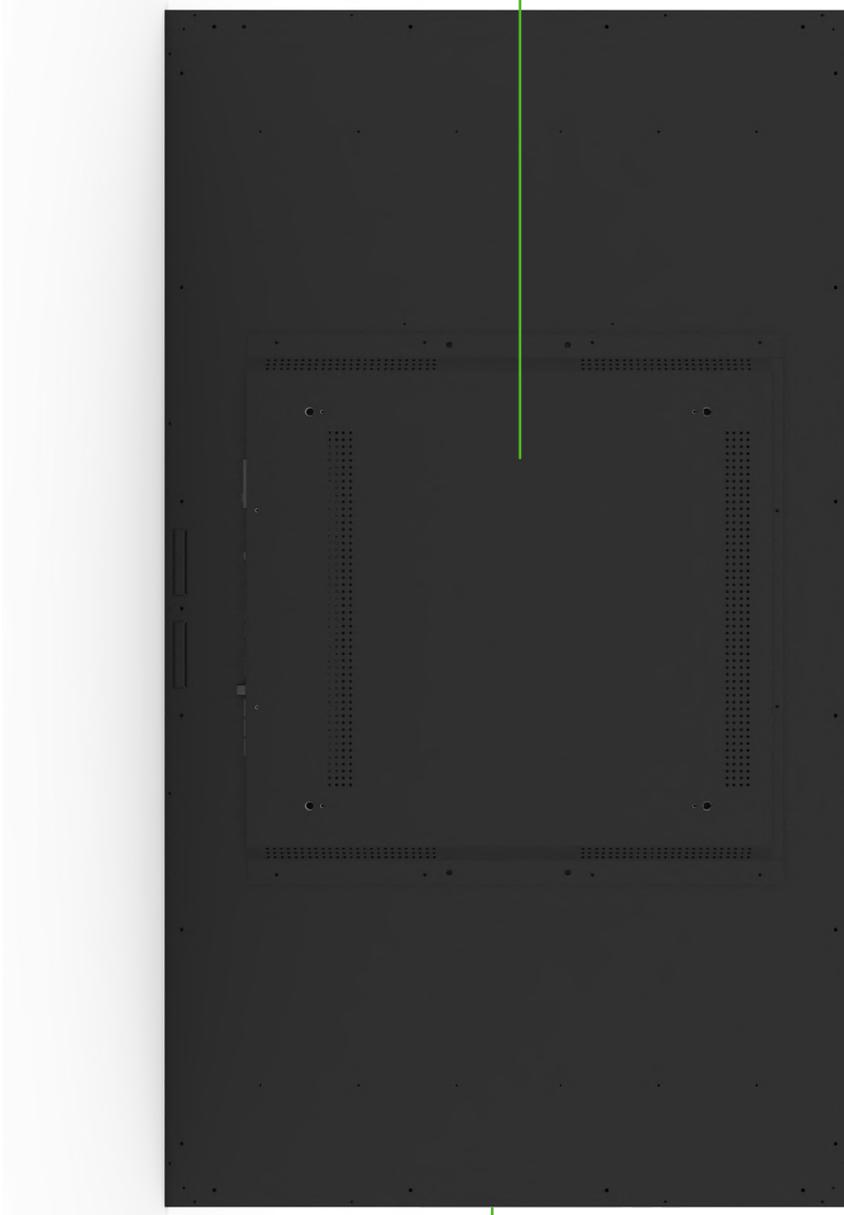

Portrait or landscape orientation

Mount the display in either orientation depending on your content and preferences.

Maximise profits with budget-friendly displays

Plug and play

Play your content via USB stick or run your application from the integrated Android 11 SoC.

Auto power

In case of power cuts and outages the display will automatically power on when the power is re-instated.

Increase customer engagement and sales

The Muro menu board display is a cost-effective digital signage solution that enhances customer engagement, streamlines ordering processes, and boosts sales. Perfect for restaurants, cafes, fast-food outlets, retail environments, and hospitality venues, these versatile value-range displays deliver crisp, dynamic content that captures attention and improves the customer experience across any setting.

Plug and play

Run your content or application in minutes using the embedded Android SoC.

Optional CMS

Control your digital signage remotely from any device with an internet connection by subscribing to our cloud-based digital signage system. Create new messages quickly with the drag-and-drop content builder and publish live on your displays in seconds.

Cost effective

A cost-effective alternative to other indoor displays to increase the impact of your menu boards.

Robust components

Manufactured to the highest standards with commercial-grade components, the Muro is designed to run seamlessly 24/7 with an average lifespan of over 50,000 hours.

3-year warranty

The Muro display is provided with a standard 3-year warranty included for your peace of mind.

Specifications
