in f 

Overview

Sleek structure

The hanging structure ensures your display is secure without interrupting the sleek aesthetic

Built-in player

Run your application using the built-in Android player, or upgrade to an Intel player (Windows/Linux)

Double-sided screen

Maximise your advertising reach by engaging customers both inside and outside your store

43"/55" screen

Full HD resolution display in a choice of sizes to suit your environment

High brightness

Commercial-grade high brightness 700cd/m² panels for the outward facing display ensure content is readable in sunlight, or upgrade to 1,500cd/m² panels for south-facing window fronts

Ultra-thin 2cm design

The thinnest double-sided display available on the market, with a total thickness of 2cm

Transparent glass edge

Transparent 8mm tempered glass protects the screen and maintains a sleek and slimline design, without a metal frame

Effective cooling system

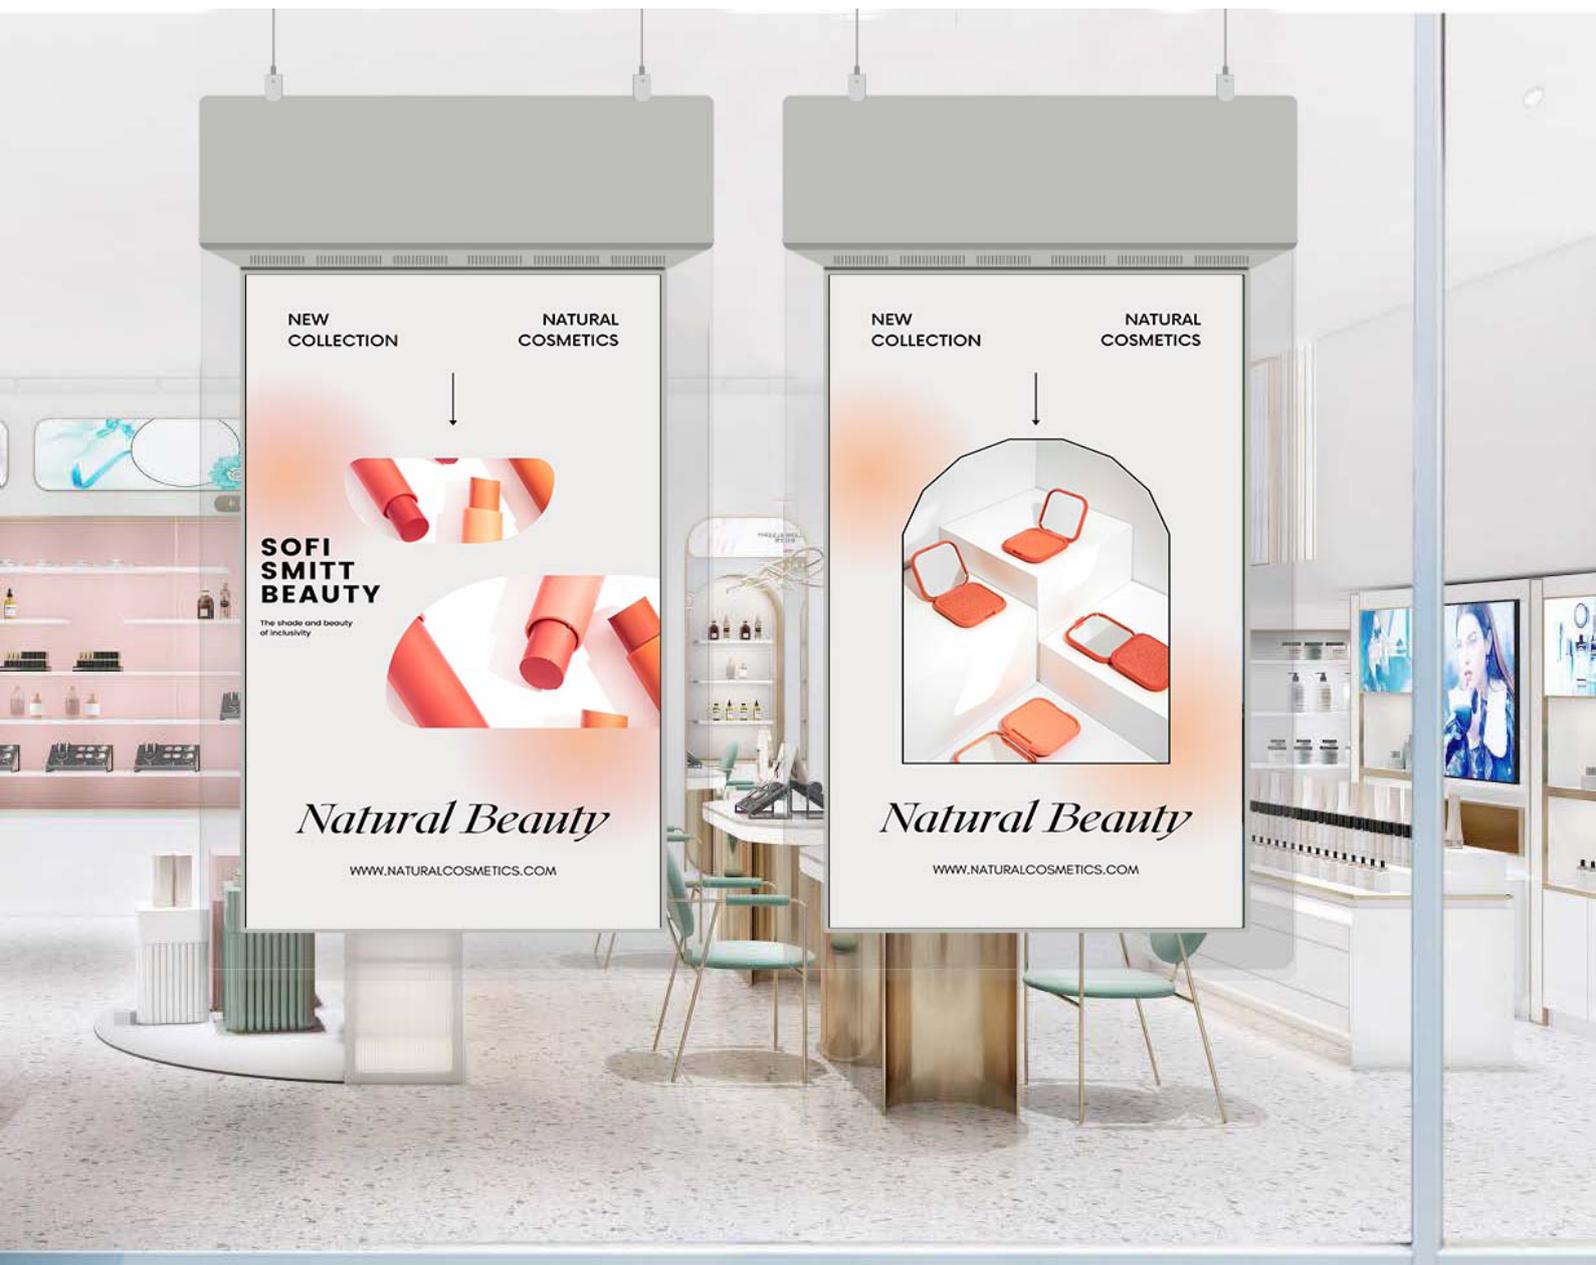

Heat dissipation system keeps the device cool without fan noise and ensures 30% longer lifetime than standard displays

Drive sales with eye-catching window displays

With an ultra-thin 2cm design and transparent glass edge, the Muro Relegance has a luxurious aesthetic which will make a statement in your window and drive traffic into your store. The display is designed for a range of environments including retail stores, estate agents, showrooms, shopping malls and restaurants.

Built to run 24/7 these displays will increase your advertising reach at all times of the day. During opening hours you will have double the impact, connecting with your customers both outside and inside your store. During closed hours, your customers will continue to be enticed by your advertising and sales messaging.

3-year warranty

The Muro Relegance is provided with a standard 3-year warranty included for your peace of mind.

Built to last

Manufactured to the highest standards with commercial-grade components, the Muro Relegance is designed to run seamlessly 24/7.

High resolution

Full HD resolution display in a choice of 43" or 55" size to suit your environment.

Cost effective

Cost-effective alternative to separate indoor and outdoor displays to increase the impact of your advertising and sale campaigns.
